Professional Summary

Backend Engineer with 5 years of experience designing reliable APIs and data models for SaaS products.

Skills

Node.js, TypeScript, PostgreSQL, Docker, REST APIs, Kafka, AWS

Experience

Backend Engineer | Riverstone Analytics | 2022 - Present

- Implemented secure partner APIs and asynchronous processing workers.
- Led the migration of a monolith module into a separately deployed service.
- Introduced Docker-based local environments and CI pipelines for six services.

Backend Engineer | Brightlane Systems | 2021 - 2022

- Tuned PostgreSQL queries and indexes, cutting p95 latency by 60%.
- Built asynchronous job processing with Celery and Redis for report generation.

Education

BSc Computer Science, Lakeside Institute of Technology (2021)
