# Gabriel Santos

gabriel.santos@example.com | +1-555-0106 | Denver, CO

## Professional Summary

Senior DevOps Engineer with 9 years of experience automating infrastructure and delivery pipelines.

## Skills

AWS, Terraform, Kubernetes, CI/CD, Linux, Ansible, Helm

## Experience

Senior DevOps Engineer | Cobalt Commerce | 2019 - Present
- Standardized infrastructure-as-code across 40 cloud services.
- Built CI/CD pipelines that took deployments from weekly to multiple times a day.
- Cut cloud spend by 25% with rightsizing and scheduled scaling.

DevOps Engineer | Brightlane Systems | 2018 - 2019
- Operated production Kubernetes clusters and Helm-based release workflows.
- Hardened Linux base images and automated patching.

Associate DevOps Engineer | Ironwood Insurance | 2017 - 2018
- Wrote runbooks and on-call tooling that reduced mean time to recovery.
- Codified AWS infrastructure in Terraform modules reused by 15 teams.

## Education

BSc Computer Engineering, Eastfield College (2015)
