Professional Summary

Machine Learning Engineer with 4 years of experience taking machine-learning models from notebooks to reliable production services.

Skills

PyTorch, Kubernetes, MLOps, Python, Airflow, Docker, Feature Stores

Experience

Machine Learning Engineer | Copperleaf Labs | 2024 - Present
- Introduced MLflow experiment tracking and a model registry across four teams.
- Partnered with data scientists to productionize recommendation models.
- Built a model-serving platform on Kubernetes handling 3,000 predictions per second.

Machine Learning Engineer | Harborview Health | 2022 - 2024
- Optimized PyTorch inference with quantization, halving GPU costs.
- Containerized training workloads with Docker and standardized CI checks for models.

Education

MTech Artificial Intelligence, Cedar Valley University (2022)
