Omar Zhou

omar.zhou@example.com | +1-555-0137 | Dublin, Ireland

Professional Summary

Senior Data Scientist with 7 years of experience building predictive models and turning experiments into product decisions.

Skills

SQL, AWS, Python, TensorFlow, Statistics, Pandas, PyTorch

Experience

Senior Data Scientist | Silverline Bank | 2020 - Present

- Created feature pipelines in SQL and Python that cut model refresh time from days to hours.
- Designed A/B test analyses for pricing changes and presented results to product leadership.
- Trained TensorFlow demand models and deployed batch scoring jobs on AWS.

Data Scientist | Tidewater Energy | 2019 - 2020

- Built a churn-prediction model that let retention teams target the top 5% of at-risk accounts.
- Mentored two junior analysts on experiment design and model validation.

Education

MSc Statistics, Westbrook University (2017)
